

# epoline® eOLF SOFTWARE

## epoline® v5.0 client software:

---

### Installing epoline® client version 5.0 software:

This can be downloaded from [www.ipo.gov.uk/download](http://www.ipo.gov.uk/download) and can also be downloaded from [www.epoline.org](http://www.epoline.org) | download centre | software | Online Filing Related software

The version 5 software can be installed over version 4

### For “stand-alone” installations:

The full epoline® version needs to be applied to the PC.

### For “Client server” installations:

This needs installing on both the server machine and the “thin clients”

### Running the Installation

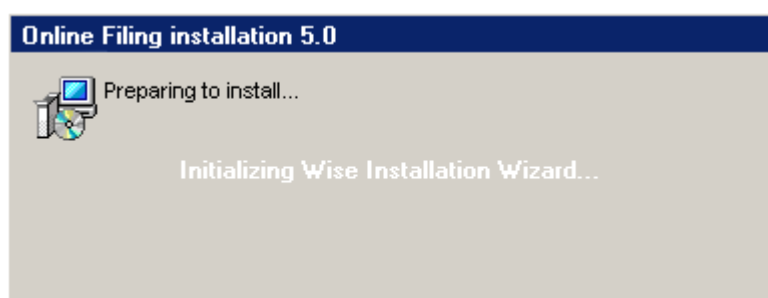

Figure 1 - Preparing to install

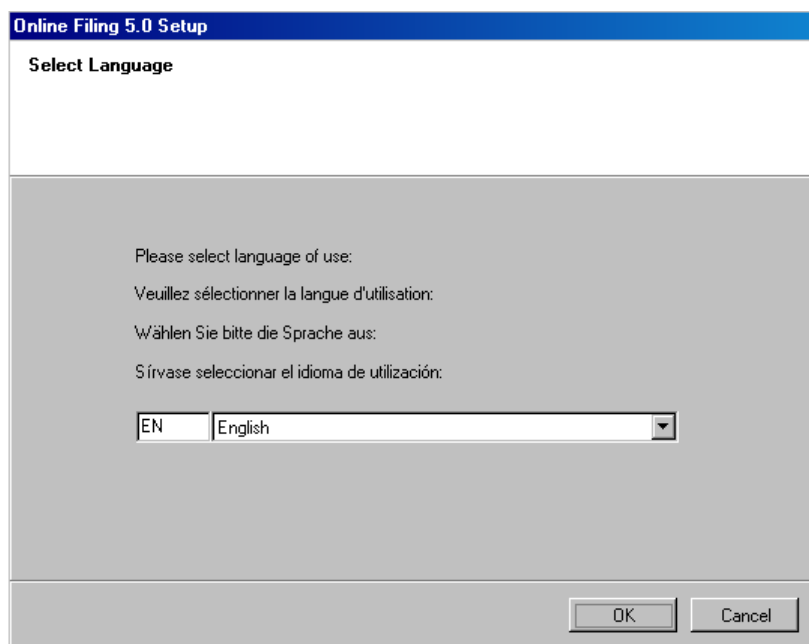

Figure 2 - Select Language

- Select language EN - English and click OK to continue.

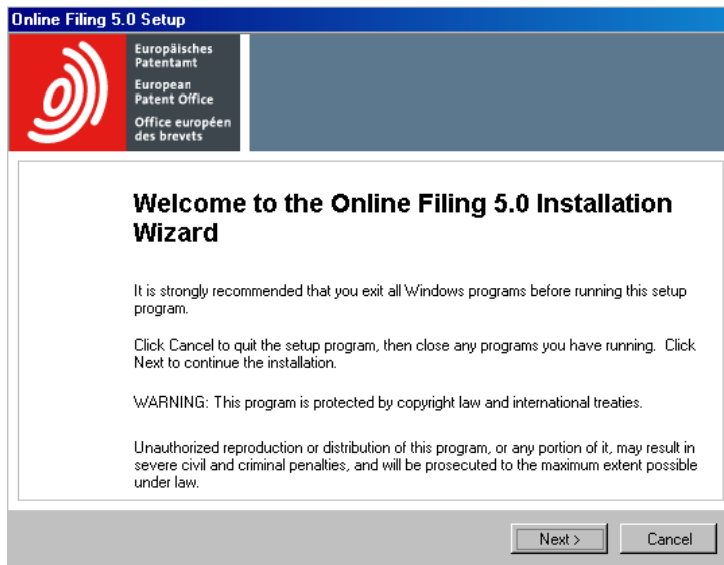

Figure 3 - Online Filing Installation Wizard
